PLATINUM

# We are proud to introduce the Platinum and Platinum+ makeover to Imogen Dental

This bespoke and exclusive range of care is for those patients who wish to ensure that their aesthetic expectations are met.

In conjunction with our highly skilled and experienced technicians (Precision Dental Studio) and our team at Imogen Dental, we will first and foremost endeavour to provide you with dentistry that is precise, of the finest quality and ultimately centred around you.

# ID PLATINUM imogendental

For those patients who wish to have just one crown placed or replaced, to those who require a complete superior make over, the new **ID Smile design** will allow you to see how our team can transform your smile before any work is even started. The ID Smile design allows a partnership to form between you, your dentist and the technician so we can understand your needs and expectations before a bespoke plan can be devised.

The **ID Smile design** involves taking photos of your teeth and developing a computer generated makeover for you to see. You are still involved in the whole makeover process with a complimentary visit to the technician's laboratory to discuss with them the colour and shape of your new teeth. The technician will then construct your crown, bridge, or dentures using the best materials and techniques available to them.

'Smile Design' before and after photos

We hope that you enjoy and feel proud of your ID Platinum choice.

# Fees for the ID Platinum makeover

wear resistance) for an extra £150 per denture

### **ID Platinum+**

The exclusive **ID Platinum+** aesthetic range is available for situations where the ultimate finest detail is required to match with your adjacent teeth and give the most natural appearance possible. E.g. when neighbouring teeth are of multiple shades and characteristics.

**Fee = Add 20% to the Platinum range fees**

### **ID Fast-track**

**The ID Fast-track service is available for an express completion time: Please ask your dentist for details regarding these fees and turn around time.**

As part of your ID Aesthetic makeover consider Orthodontic care and teeth whitening for the ideal and harmonious smile.

Toothwhitening Home kit £250

Orthodontic care (traditional orthodontics,  
Fastbraces® and Invisalign) £1500 – £4500

1 & 2: Upper 8 teeth restored with E.Max crowns.

3: Platinum+ crowns. The Precise attention to the finest detail with our expert technicians for the ultimate natural look.

4: Combination of Zirconia posterior bridge work and E.max anterior crowns. The harmony of the two superior materials.

## ID finance plan
